Nine Accidents Send Several To Local Hospital

Truckee Man Escapes In Spectacular Crash, Goes to Jail

Nine reportable automobile crashes during the past week have kept officers of the California Highway Patrol on the jump and have resulted in several people being taken to the Tahoe Forest Hospital with injuries, three of them of serious nature. Two others were treated at a Reno hospital.

Thirteen vehicles were damaged, some beyond repair.

Mr. and Mrs. Raymond V. Gilman of Albany were taken to a Reno hospital after Gilman attempted to avoid striking a porcupine on the highway near the state line. He lost control and the car plunged down a 12-foot embankment. Patrolman Martin Sturcke made the investigation Friday morning at 12:40.

Sensational Mishap

In the most sensational accident in this region for many months, James Haughney, 23, of Truckee escaped serious injury when his car--and Haughney at the wheel--plunged more than 1000 feet down the steep grade a mile east of Hirschdale. The car, which landed within six feet of the S. P. tracks, was demolished. Haughney had a minor cut on one cheek.

State Patrolman William Gautsche cited Haughney for driving with a suspended license and as a result his parole on a drunk driving charge imposed by Judge F. W. Wilson October 8 was cancelled and he was sentenced to serve six months in the county jail. The mishap occurred at 1 a.m. Friday.

Truck Over

Lee S. Martin, 36, Lovelock, Nev. had only minor injuries after a truck and trailer loaded with cement turned over Friday at 8:45 a.m. at Hirschdale. The steering gear on the big vehicle snapped causing the accident and the truck went down 20 feet. Patrolman Gautsche investigated.

Three Cars Damaged

Cars driven by Seymour Goldstein of Chicago and Allen Garrett of Reno collided three miles east of Truckee Friday shortly after noon and a third car driven by Lloyd F. Smith of Sacramento was damaged attempting to avoid the other two vehicles. Patrolman Gautsche investigated. No one was injured.

One Injured

Cardelia Tattum, Sparks, Nev., suffered minor injuries Saturday at 12:30 a.m. on Donner grade when a car driven by Howard Jones ran off the roadway and was wrecked. Patrolman Sturcke investigated.

Speed Citation

Meta W. Cromer of San Francisco was cited by Patrolman Gautsche for speeding after her car left the highway and was wrecked four miles east of Truckee Saturday at 9:30 p.m.

Three Cars Crash

Cars driven by William Chan, San Francisco, Otis Westerman, Sacramento and Robert C. Williams, Platina, were wrecked Saturday at 11:30 p.m. when they crashed into one another after a fourth car slowed in front of them. All three were cited for driving two close and for speeding.

Throat Slashed

Mrs. Helen Marie Mueller, 28, Santa Rosa, is in the Tahoe Forest Hospital with critical injuries as the result of an accident just east of the Flycasters Club Tuesday night at 7 o'clock. She was thrown through the windshield of the vehicle and her throat badly slashed.

Patrolman Roy Stallard reported the driver, Ralph Mueller, said his wife was asleep in the front seat and awakened suddenly, and for some unaccountable reason grabbed the steering wheel, causing the car to get out of control and hit a rock.

Hunter Hurt

Ralph M. Dow, 50, may have a fractured skull as a result of a similar mishap on Donner grade. Patrolman Stallard said the car hit the guardrail just east of the summit, cut across the highway and crashed into a big rock, throwing the driver through the windshield. The crash occurred at 3 a.m. Wednesday. Guns and equipment in the car indicated Dow was on a hunting trip.

The injured in all accidents were taken to the hospital by Truckee ambulances.

Two Boys From Region Enlist In Air Forces

Two young men from this area have enlisted in the U. S. Air Force, according to the Reno Army Air Force recruiting office.

They are Robert E. Sach, 18, who graduated from the Tahoe-Truckee High School and Tollio Biaginia of Truckee. Both men will receive their preliminary training at Parks Air Force Base.

Deputy Question Still Unanswered; Ordinance Is Read

No action on the authorization for a second deputy sheriff for the eastern sections of Nevada County was taken at the meeting of the board of supervisors yerterday but Supervisor H. G. Loehr said he is hopeful that when the matter comes up at the regular meetnig next Tuesday, it will be favorably considered.

The board did approve and read for the first time the proposed zoning ordinance designed to prevent the construction of undesirable buildings in this region as a result of the forthcoming winter Olympic games in 1960.

Loehr said the question of the second deputy was not brought up at the meeting for decision.

Hal Welch, president of the Truckee Chamber of Commerce, attended the meeting to urge action on the ordinance and to continue the campaign to obtain a second deputy.

Last Rites Held For Mrs. McCrary

Scores of local friends were saddened and shocked by the death last Saturday of Mrs. Alanna Leota McCrary, 64, who died at her home, 918 Douglas Street, in Roseville following an extended illness.

Funeral services were held Tuesday at Roseville and cremation followed in East Lawn at Sacramento. Mr. and Mrs. John McClade and Mrs. and Mrs. Herbert Copeland were among the local people attending the rites.

Mrs. McCrary spent many years in Truckee where her late husband, Nathan S. was employed as an engineer for the Southern Pacific Company. McCrary died April 15.

She was a native of Blue Canyon, Placer County, and spent her entire life in Roseville and Truckee, endearing herself to all who knew her.

Mrs. McCrary was a member of the First Church of Christ, Scientist, and was the mother of Ridgley McCrary and Mrs. Sherlie Bennett, both of Roseville; grandmother of five, and a sister of Irma Notley and Vera Davidson of Roseville, Georgia Cartwright of Richland and Trinnie McCoy of Ryde.

The community extends sympathy to members of her family.

Chain Control On For First Time This Winter

For the first time this year, tire chains were required to cross Donner Summit Tuesday night.

A light storm drifting in from the Pacific northwest, hit the area Tuesday morning, depositing four inches of snow on the summit and light rain in the lower elevations.

The chain control lasted only for a short time as the comparatively warm weather soon dissipated the light fall except on the peaks where snow is expected to remain until next summer.

Deer Park Ready Mix To Surface Mill Site

G. D. Waters of the Deer Park Ready Mix concrete company has started to pour approximately 1500 yards of concrete for the foundations of the Burney Lumber Co. mill starting in Truckee. The project will cover a large area according to the initial pours made by the Waters concern.

Jergen Vinds Parents Of Infant Daughter

Genie Anne, first daughter for Mr. and Mrs. Jergen Vind made her appearence October 24 in Tahoe Forest Hospital.

The little girl who weighed a round 7 pounds, 2½ ounces has the given name of Genie Anne.

Dr. Ben King was the attending physician.

FROM TEXAS—

Dr. and Mrs. R. B. King were hosts to Dr. and Mrs. J. J. Scull, Jr., of Lubboch, Texas. The visitors previously attended the American Dental Convention at San Francisco.

Rotary Will Head Drive For New Local Air Field

Await Official Word On CAA Approval Of Truckee Port

If and when the Civil Aeronautics Authority approves the site for a Truckee-North Tahoe airport, the Truckee Rotary Club stands ready to spearhead a drive to make the plan a reality.

This was indicated at a meeting of theclub Monday night when the project was discussed at some length and with three speakers, Supervisor H. G. Loehr, C. Edmunds and Walter M. Barrett, outlining the various phrases of the program.

The question of whether or not the site southeast of Truckee on the Brockway cutoff will meet with the approval of the CAA is still unanswered. Congressman Clair Engle of Red Bluff, one of the most staunch supporters of the field, has asked the CAA to give him a full report on possibilities and advise what steps are required to obtain federal financial assistance in the construction. To date the report has not been received and until it is the project is being held up.

It was decided at the meeting Monday to await word from Engle and as soon thereafter as possible if the site is approved, to call a public meeting to get an opinion on the wishes of the region, with Engle being invited as principal speaker and guest of honor.

Carroll Maynard was program chairman at Monday's meeting and voiced the opinion that the entire area would support the project through one of several avenues open for providing financial support.

Secretary Ed Grant gave a report on the recent visit of the district governor, Judge Frank B. Gregory. President Rex Thomas presided at the busy session.

MOBILE X-RAY WILL BE HERE FRIDAY

Attention has again been called to the fact that the mobile x-ray unit, providing free chest examinations for everyone 15 years of age or over, will be on the Main Street in Truckee Friday between 1 and 3 and 4 and 8 p.m.

This service is provided through the purchase of Christmast seals and everyone is urged to take advantage of the examination tomorrow.

Mrs. E. V. O'Rourke is local Chairman in charge of arrangements.

'Back To School Night' Slated For November 10

As a means of observing American Education Week, November 6, through November 12, the Tahoe-Truckee High School, in conjunction with the High School PTA, is presenting a "Back to School Night" on Thursday, November 10.

The program, beginning at 7:45 p.m., will consist of a brief assembly, visitations to the various classrooms, and the serving of refreshments. Copies of the program will be distributed throughout the communities by the high school students during the week of October 31.

Bail Set At $1000 For Driver In Auto Crash

Ralph Edwards of San Francisco, whose car was involved in an accident east of Truckee on October 8th and who was charged with driving while intoxicated, is at liberty under $1000 bail set by Judge F. W. Wilson. Several people were injured in the accident and the charge is a felony. A preliminary hearing will be held when witnesses are sufficiently recovered to appear in court.

Daughter Born

Mr. and Mrs. Russel Davis of Auburn have sent an announcement of the birth of a daughter who arrived on October 6 to Mr. and Mrs. D. L. Schuler. Relda Arleen weighed a buxom 8 pounds on her natal date.

SUNBEAMS

By WALTER M. BARRETT

The one outstanding requirement for obtaining an adequate airport for this community is the full, enthusiastic support of everyone interested in developing the region. Without that support, the project cannot be accomplished regardless of the effort of earnest proponents. The Truckee Chamber of Commerce, the Rotary Club and other civic organizations and individuals in the area have expressed an eagerness to participate in the project and the picture looks bright. However, all these individuals and organizations cannot accomplish the aim without unified support from the entire district. Apathy and half-hearted support will not be enough.

There is every reason to believe that this district is facing a new era of progress. Forthcoming events are most certain to bring increased interest to this whole area and the one organization best fitted to make preparations for these coming events is your chamber of commerce— here and at Lake Tahoe. Your support of these booster groups will provide one of the most necessary and important links between the present and the future. This does not mean that paying dues will do the job; your personal participation in their programs is equally vital, so be a booster — join and support your chamber of commerce.

FRIENDLY BEGGARS WILL PERFORM FOR FOREIGN CHILDREN

"Friendly Beggars" will use the "trick or treat" to a good end on Halloween eve, Monday the 31st. They will knock on doors in this community not to ask for treats for themselves, but to seek help for children in other lands.

They will be asking for babies' clothing, children's clothing, school supplies, and sewing materials.

These "friendly beggars" will comprise the Sunday School children from the Community Methodist Church. It will include children up to the sixth grade. After they return from their begging they will be given a party by the teachers and parents of these children.

The clothing that is collected will be processed through an agency called the American Friends Service Committee.

The children may not get to every home so if you do not want to be missed in this opportunity to give to children overseas please call Rev. Wesley Osman and he will see to it that you will not be missed. Here is your opportunity to provide fun for the children and share with those in need at the same time. Cooperation will be much appreciated by everyone.

O.E.S. ARRANGES TWO MEETS FOR FUTURE

Prior to the installation of new officers of Truckee Chapter No. 116 Order of the Eastern Star on November 19 there will be two stated meetings on Tuesday, November 1 and 15.

All members are urged to attend the annual report of the chapter as well as reports of the Grand Chapter held recently at Long Beach.

Baby Daughter For Madges Arrives Here

Mr. and Mrs. Robert Madge welcomed a daughter in Tahoe Forest Hospital, October 25. Her parents chose the names of Carol Lyn for the child whose arrival weight was 6 pounds 4 ounces.

Dr. Ben King was the attending doctor.

From Idaho—

Mrs. D. Swindell and Miss Frances Barrett of Boise, Idaho, were guests of Mr. and Mrs. Walter Barrett.

Work Is Started On New Phone Structure Here

Dial System Equipment Will Be Installed Next Year

Work started this week on what is proposed to be the Pacific Telephone Company's new $210,000 dial system plant at Spring street and Commercial Row.

Ground was broken Monday by Contractor John F. Otto and his foreman, William Ansman, both of Sacramento. Weather permitting the new structure to house the intricate maze of dial equipment. will be completed within two months.

Plans call for a single-story structure 41 by 27 feet and it will be constructed of lumber, conforming with the general architecture of the area. It will have a flat roof and concrete block floor. Provision has not been made for offices and it is presumed the office here will remain in its present location.

The installation of the dial apparatus by Western Electric, will not be started until next spring, under previously announced plans, and the new system will not go into effect before late next year.

Manager Charles Berlenbach has announced that the new equipment is of the latest design and will, in the distant future, make it possible for local telephone subscribers to dial any number in the United States without the assistance of an operator.

Warning Issued To Pranksters

Halloween does not start on Saturday and local officers will not tolerate any mischief on that night.

Constable N. F. Dolley, in issuing the warning, said that "witchcraft" may be practiced in moderation on Sunday and Monday nights, but that even on those evenings vandalism of any nature will be severely dealt with and violators will be arrested and prosecuted.

Home owners are asked to see to it that their garbage cans and other easy to molest property is put in a safe place to prevent losses. There will be extra officers on the job during the two days, Dolley said, but they cannot be responsible for every bit of mischief expected.

"We want everyone to have fun, but destruction and damage of property and removal of valuable articles from homes and businesses is not fun, but a direct and flagrant law violation," the constable declared.

Chamber Of Commerce Meeting Scheduled For Next Thursday Evening

A number of important matters, including the initial steps toward providing the annual Christmas party, a discussion of a proposed airport and other community projects will occupy the meeting of the Truckee Chamber of Commerce at the high school cafeteria Thursday evening, November 3 at 7:30.

President Hal Welch asked that all directors, committee members and others attend as the agenda is crowded with urgent subjects which must be cleared up.

Social Meeting Planned For Pythian Sisters

This evening the Pythian Sisters Summit Temple No. 79 will hold a social affair instead of a business session.

Mrs. Lloyd Van Sickle, Mrs. Frank Gaiennie and Miss Ella Waters compose the committee in charge of arrangements.

Meeting Date

A change in time for meeting of the board of directors of the Tahoe Forest Hospital was announced this week by Administrator John J. McGlade. Future meetings will be held at 7 p.m. on the second Friday of each month.

Bay Area Youth Killed By Falling Tree Near Tahoe

Gilbert Aldicoa, 16, was killed Saturday morning at 10 o'clock when he was struck by a falling tree at Tahoe Cedars, Lake Tahoe.

The youth, who resided at 544 Judson Avenue, San Francisco, was assisting his brother, Julio, in clearing land on the latter's property when the accident occurred.

The boy was rushed to the Tahoe Forest Hospital by the Tahoe Fire Department ambulance but an examination revealed he had expired before arriving.

The body was shipped to San Francisco for funeral arrangements and burial.

Judy Loynd Wins High School Honor

The Good Citizenship Award of The California Society, Daughters of the American Revolution, was announced this week as awarded to Miss Judith Loynd of the Tahoe-Truckee High School. Judy is the daughter of Mr. and Mrs. E. L. Loynd of Truckee.

This annual award for the school year 1955-56 was announced by Conrad Briner, vice-principal, as the final decision of the senior class and the faculty of the high school. Miss Loynd will receive a pin and a certificate of award. She also becomes eligible for further honors through competition in district, state and national events. One of the tests she meets is an examination in United States' history.

The selection of the Good Citizenship Award was narrowed down to three students by the senior class in a secret balloting. The three nominated by the class were: Miss Suzanne Knoefler, daughter of Mr. and Mrs. Darrell Knoefler of Truckee; Miss Virginia Speeter, daughter of Mr. and Mrs. Walter Speeter of Carnelian Bay; and Miss Loynd. Following this nomination the faculty of the high school made the final selection.

Qualifications for the award were dependability which included truthfulness, loyalty and punctuality; Service which included co-operation, courtesy, and consideration for others; leadership, which included personality, self- control, ability to assume responsibility; and patriotism which included unselfish interest in family, school, community and country.

The next competition event for Miss Loynd will be in November when she meets other district winners in an elimination for further honors before going on to state competition.

Driver Fined For Drunk Driving Following Trial

Robert R. Lancaster, 41, who has been living in Truckee a short time, was fined $250 on a drunk driving charge following a trial in the Justice Court before Judge F. W. Wilson Tuesday. Lancaster was arrested by Highway Patrol Sergeant Oliver Ledford of Sacramento on September 28th and entered a plea of not guilty.

District Attorney Vernon Stoll was here Tuesday and handled the prosecution.

Sunshine Girls Prepare To Install New Officers

Nona Rae Coffey presided at the October 19 meeting of the Donner Council Pythian Sunshine Girls when plans for installation of officers at the November 2 meeting were made.

Nancy Marquis will be installing officer, assisted in the ritual by Lillian Miller, grand royal guide, Myrtle Harris, grand mystic one and Pearl Heller, grand royal prelate.

Ireda Harris will be the chairman of the refreshment committee, with Valerie Mandeville and Dorette Rose also serving.

Parents Visit—

Mr. and Mrs. Ray Hintz have been entertaining Mrs. Hintz' parents, Mr. and Mrs. Harry Dailey of Potlatch, Idaho. The visitors will continue to Placerville to visit other relatives.

Four Lane Work On 40 To Start Near Floriston

Allocation Made To Start Major Project By Next Year

Another and conclusive step in the proposed four-laning of U. S. Highway 40 through this area was taken in Sacramento Monday when the highway commission announced it had allocated $3,175,000 to Nevada County for construction of projects during the 1956-57 fiscal year.

Included in the allocation was $2,600,000 for grading and surfacing a four-lane freeway between Floriston and the Nevada State line, a distance of 5.4 miles and acquisition of rights of way to cost $235,000.

The only other project in the county will be .4 of a mile west of Casey's Corner to Rough and Ready (portions); grade and surface, a distance of 2.1 miles to cost $90,000.

The state has completed a survey of the highway east of Floriston and the Sierra Pacific Power Company has been relocating its installations in that area preparatory to the proposed improvement.

Road up Canyon

State highway officials last year announced that tentative plans call for continuing the four-laning program up the Truckee river canyon, following the current route to Hirschdale, then straight across to near the old quarantine station to rejoin the present route. No indication was given as to when the latter portion will be started, but planners for the 1960 Winter Olympic games are working closely with the department of public works and the highway commission in an effort to have the work completed prior to the games.

Some idea of this may be obtained during a meeting of the California Olympic Commission and the California Highway Commission scheduled in Sacramento next month.

Travel Decline Is Noted In Report

Although travel into California by way of Truckee on U. S. 40 showed a drop of approximately 10,000 vehicles as compared to the previous month, the September total of 57,664 cars was the second highest number reported by the state's 17 border quarantine stations.

The only station exceeding Truckee was Yermo with 65,351 cars. Three other stations, Dorris, Blythe and Fort Yuma reported heavier truck travel than the 3584 commercial vehicles checked here.

The local travel showed a small drop as compared with September last year when there were 58,365 cars inspected during September, the report from the department of agriculture indicated.

The station at Meyers on Highway 50 showed a 5000 car drop as compared to August, but a gain of nearly 4000 over a year ago. The count there showed 20,696 cars, 229 trucks and 28 buses.

SACAMENTO (CNS)—The September influx of motorists into California continued at a rate surpassing that of last year, the state bureau of plant quarantine reported today.

A total of 380,775 cars passed through the bureau's plant quarantine stations during the month, a gain of 15,000 over the count for September of last year.

CHILI LUNCHEON TO BE HELD TUESDAY

The Women's Society of Christian Service is planning a chili luncheon between the hours of 11 and 2 o'clock on Tuesday, November 8, in the edifice of the Community Methodist Church. This will be combined with a food sale and bazaar which will also be opened at 11 a.m. and continue through the afternoon hours.

The luncheon will be served for a nominal sum and the tasty dishes and handmade articles, contributed by members of the organization will find ready sale.

Mrs. Jack Ellis is president of the active group.

Goode Weekend—

Mr. and Mrs. Clair Goode and children of Woodland were weekend visitors with Mrs. Steve Besio and Mr. and Mrs. Angelo Besio.

Polyanich Guests

Mr. and Mrs. Tony Polyanich had their son-in-law and daughter, Mr. and Mrs. Keith Weeden and children as their weekend visitors from Oakland.

Appointed to Council—

Miss Peggy Finnegan, daughter of Mr. and Mrs. Frank Finnegan of Sacramento was appointed to the student council of San Francisco College for Women this year. The family is well known here.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS) — Traditionally, newspaper reporters, editors, officials and others who might come into contact with the newspaper business, have regarded the right of a reporter to protect his source of information as inviolable.

This tradition is about as firm as turkey at Thanksgiving, or standing up at the seventh inning, and rightly so, for it is a valuable assist in the dissemination of news to the public which might otherwise be withheld. The tradition protects the source of information from embarrassment. Whether the source is justified in requesting that his name be withheld is sometimes a question, but it is one which must be resolved by the source, and not the reporter.

Thus, when a newspaper reporter tells a source that he will not be quoted, he really means what he says, and his statement is respected by his city editor, and so on up to the publisher. The newsman may go to jail, as has happened in infrequent cases, but if he is a good reporter, he will continue to protect his source.

It would seem that court judges should know about this tradition, and give it some respect, but this was not the case recently in Santa Rosa, when Superior Judge Charles L. McGoldrick ordered a reporter to answer a question concerning a source of information. When the reporter, Jack Howard of the San Francisco Chronicle, refused, the judge ordered him to jail.

Howard was out within a short time, however, on a writ from the district court of appeals, granted when the reporter invoked a 1935 statute granting reporters immunity from arrest when they refuse to disclose the source of their information.

Recommendations Made For Driving Examination

SACRAMENTO (CNS)—The governors traffic safety conference has recommended that drivers licenses be issued to drivers for operation of a particular type of vehicle, rather than any vehicle.

Other recommendations, prepared by the conference's division of driver licensing, included:

(1) All applicants failing the drivers license examination be required to take a prescribed course in driver education.

(2) Visual ability of drivers be tested by instruments.

(3) Passage of legislation requiring the recording of traffic violations committed by juveniles with the state department of motor vehicles.

(4) The motor vehicles department consider interviewing drivers with records of repeated traffic violations.

(5) Automobiles driven by drivers whose licenses have been suspended or revoked be impounded.

HOMEWOOD MAN IS SERVING IN NORTH

HOMEWOOD—At the U. S. Naval Training Station in Kodiak, Alaska is Robert L. Enright, dental technician third class, USN, son of Mrs. Harold W. Smith of Smith's Lodge, Homewood, and husband of the former Miss Doris L. Long of Fouke, Ark.

He entered the service in 1948.

The naval station is headquarters for the 17th Naval District and Commander, Alaskan Sea Frontier.

These activities provide logistic support for naval vessels, including floating drydock facilities, reconnaissance aircraft, and navy sea and air rescue units.

Kodiak Island, site of the navy's northernmost naval station, is located off the south-central coast of Alaska.

Snelling Courthouse in Merced County was the county's first courthouse, built in 1857, and occupied as such until the county set was moved to Merced in 1872.

New Record For Fish, Game Licenses Nears

SACRAMENTO (CNS)—A report from the state department of fish and game today indicated that fishing and hunting license sales in California were on their way to another record-breaking year.

Hunting license sales for the first two months of the current fiscal year hit $278,642, an increase of 7.7 per cent over the same period of the preceding year.

Angling license sales so far this calendar year total $3,218,407, up 4.5 per cent over last year.

---

information.

The case promises to be one which will make newspaper history in that there are indications it will go to the United States Supreme Court of necessary.

However, there is a grave question as to whether the state legislature of California had the constitutional right to adopt the law under which Howard obtained his freedom on $100 bail, pending further hearing.

On a speculative basis, it would appear that the section of the law granting this immunity is unconstitutional, for the reason that there are two sections in the constitution prohibiting the legislature from granting immunities.

The first is Sec. 21 of Article I, which says ". . . . nor shall any citizen, or class of citizens, be granted privileges, or immunities which upon the same terms, shall not be granted to all citizens."

The second is Sec. 25 of Article IV, whch says the legislature shall not pass any special laws which grant "to any corporation, association ,or individual any special or exclusive right, privilege or immunity."

Obviously, the framers of the constitution did not have the situation with regard to keeping sources of information confidential in mind when these paragraphs were drawn. However, the matter of constitutionality is one for the courts to decide.

But even should the case go against the press, it is not contemplated reporters will start violating the well-established tradition, even though some may be punished.

REPLANTING BURNS IN FOREST AREAS IS URGED BY ENGLE

Congressman Clair Engle, Red Bluff, has urged federal and state Forest Service authorities to make strenuous efforts to replant and seed to grasses the thousands of acres of timber and grazing land burned over in a recent series of distsartous fires in California.

The congressman, who is chairman of the house committee on interior and insular affairs, which administers all policies in connection with public lands, wrote U. S. Regional Forester Clare Hendee and offered his services in connection with any rehabilitation program which might be adopted.

He said that federal and state agencies, together with individuals and representatives of the timber industry should be commended for their efforts in suppressing the fires which were responsible for untold damage to thousands of acres of timberand range land.

"I understand," he said, "that there was a terrible toll of damage to public and private forests, especially near Yreka and to a lesser degree near Hayfork and Susanville, which may have a serious adverse effect on the local economy.

"Every effort," he said, "should be made to get this acreage back into timber and grasses."

He cited a letter to him from Blair Smith, president of the Siskiyou County Cattlemen's Association which indicated that a careful survey of the 70,000 acre Haystack-Butte fire area by competent local experts had indicated that from 15,000 to 20,000 acres of the burn could be profitably reseeded to grasses if done soon.

Engle also inquired whether or not the forest service and the timber industry was well enough organized and financed to take on the emergency job of harvesting the charred timber and asked as to the supply of young trees available for reseeding.

He requested suggestions on how he might be of assistance to private land owners in replanting their burns and in the job of seeding the better areas to grasses and legumes which would prove useful to livestock operators while a new timber crop was being grown.

"State Farm promises efficient, fast claim service... and that's what I got!"
writes car owner
W. L. Leemon of Decatur, Illinois

"My wife was injured and my car demolished in an auto-train collision miles from home. Next morning, my State Farm agent drove over, handled everything. By 2:30 P. M., my wife was resting comfortably and I was back at work with another car.
"I have just two words to describe State Farm—THE BEST!"
More car owners insure with State Farm Mutual than with any other company. And for the same reasons Mr. Leemon does: fast, friendly service . . . rock-bottom cost.
Wouldn't you like the complete story of State Farm service and economy? Just give me a call:

NORTH TAHOE

By JUDGE HARRY CHARRISON

Ladies' Night

Ladies' night at the Lions Club proved to be a great success. Ray Bessi gave a showing of pictures, and the following guests were present: Mr. and Mrs. Grant Lowry, Walt and Mrs. Speeter and Walt and Mrs. Collier, from Iowa. Walt is a brother of Mrs. Mary Skaggs of Kings Beach. It was reported that the window dressing with a Halloween motif is well under way, several windows are already adorned with cute drawings.

New Market

Grant Lowry has taken over the meat department at the P&G Market. This is the market recently opened by Paul and Grace McMillen who heretofore owned the Kings Beach Liquor Store. Lowry tells me he is intending to keep his L Trailer Court open all winter. Anyway he is to give it a trial. The court is on Fox street.

Fast and Furious

Yes, that was it, our friends Arnold and Sophie Miedema, arrived here on Wednesday morning for a day or so, but a call from Johannesberg caused them to leave the very next morning, Sophie's sister being sick making it impossible for her to care for her mother who has been sick for a number of years. It was a fast trip in the first place and they were sorry at having to leave so soon. They have a home on the golf course, but at the moment are living at San Pedro. They told us Lake Tahoe never looked so good to them. That's good, they will be back all the sooner, we hope.

Way Down South

After staying in all last winter, Doug Addie and young Larry Free of the Dunes, Tahoe Vista, have left for Florida, where they expect to stay until spring arrives and they will return to dear old Tahoe. We shall be looking for them to return, as we miss them around here.

Anniversary

Sunday morning, and what a beautiful day for Wendy and Ginger Schumacher of the Tahoe Food Center to celebrate their seventh wedding anniversary. The store closed early to allow them to leave all on their own. We congratulate them both, they may be old married people, but they act just like they were married yesterday.

Visitors

Had a very nice visit from W. C. (Bud) and Mrs. Young. Bud is sheriff of Washoe County, Nev. We dined with Joby and Helen Lewis at their Monte Carlo, and were surprised at the nice crowd at the club.

Building

Ta-Neva-Ho Club is sure making haedway, tearing down and building up. The steelwork is already going up for the canopy that will adorn the front of the building. It will be quite attractive and there will be quite a large parking space too. It seems with all the space around us there should be ample, but strangely it is a real problem all summer.

Rotary

I see by the sign erected at the fountain in town, that 1954-55 is the golden anniversary of Rotaryism—a great world-wide service club—with a wonderful record of accomplishments behind them.

Appointment

The people of Placer County should be well pleased at the appointment of Leland Propp as superior judge of this county. I am sure that Lee will be just as thorough in that capacity as he was in occupation as a lawyer. The appointment came as a big surprise to him, as it did to the public, especially as he had not entered the race for the important job. This will mean that cases entering the superior court in this county, will be handled quicker than heretofore, as in some cases it has taken a year or more to get a case before the court. Superior Judge Sparks has done a remarkable job in handling all the higher court cases of the county.

Another Visitor

Franklin Tuttle, assistant district attorney was a visitor here last Saturday and at a delightful luncheon, we were able to go over the affairs of the county and state. He was here on business and pleasure.

Closed

Margaret Ward of Dew-Mar Apartments at Kings Beach has closed that establishment for the winter, much to her displeasure, as she would very much liked to have stayed in. Ah, well, spring is just around the corner.

Maple Leaf Forever

Just had a mental panorama of our old home town, of Winnipeg and western Canada, where we were married many years ago. It was brought to use by Ira and Kay Blair who have just completed a round trip to many towns in Manitoba. Kay tells me things are pretty much the same, only there, as well as in this country, motels are going up on every hand. They visited Kay's father, Mark Winter, who is 77, and also her sister, Mrs. Ann Firebach, whom she had not seen for the past 32 years. Their home is in Moose Horn, Manitoba. Things are somewhat the same as in most of the towns in Canada with no shows but with lots of churches. The trip was wonderful, with weather delightful all the way. They were five days going and six days coming back, and covered approximately 4000 miles. The Blairs will stay in for a while, before leaving for San Francisco. To say the above was a wonderful reunion would be putting it too mildly.

Big Deer

As of this Sunday night, the largest deer taken in this Kings Beach area is one killed by none other than our grandson, Davey Ashton. Davey Crockett hasn't got anything on him. He got it way up on Baldy Mountain back of Kings Beach and it was a five-pointer, weighed 182 pounds, with a spread of 30 inches. Davey, who is 16, sure put one over on the hardened hunters as it was his first, and he wasn't even in the pool. Congratulations Davey, me boy.

Moose

We had some wonderful Moose meat given to us by Al Sanford last week. It was our first taste, and believe me, it was simply wonderful.

BUSINESS CONTROLS OVER STATE FAIRS IS BEING TIGHTENED

SACRAMENTO (CNS)—Legislation is being drawn to correct and tighten business controls over state-supported fairs.

This includes the California State Fair and Exposition in Sacramento, an annual event which costs taxpayers of the state from a half to a million dollars annually.

The fact the legislation was being drawn resulted from a three-day hearing in Sacramento last week held by the special senate interim committee on governmental administration, headed by Senator George Miller, Jr., of Contra Costa County.

Testimony obtained at the hearing developed the fact that a carnival show which obtained the contract for the 1955 State Fair, reapeda windfall through a last minute allotment for extra space, which returned no proceeds to the fair itself. However, the space assertedly was sold by the carnival concern to concessionaires.

"There is a basis need at the fair to see that loose business pralctices are eliminated, and that sharp operators are not welcome," Miller said. "The fair should get away from the idea of doing things 'because they've always been done'."

The senator declared further that the state fair wasn't a proposition to enrich any carnival operator, and called in the legislative counsel to draw up new laws which will put the fair on more of a business basis.

Decision Being Studied On Division Of Sales Tax

SACRAMENTO (CNS)—A paramount issue between cities and counties, namely, the division of the funds derived from the new state sales tax of one per cent, which will be collected by the board of equalization and remitted to counties of California, is being decided at the present time.

This announcement came from William R. MacDougall, manager of the county supervisors association, who said that within three months, some definite results can be expected on the plans for division of the revenue, which is optional in each county of California.

Meanwhile, plans are afoot in the office of Gov. Goodwin J. Knight to put the one per cent sales tax which may be levied by counties on the special session agenda for the 1956 budget session of the legislature. The governor said in a recent speech that he expects to do this, due to "some technical difficulties" in the law as adopted by the 1955 legislature.

The new law remits funds to counties, but leaves the division of the funds up to the cities and counties.

MacDougall said many cities, even by giving up an eighth of a cent of the amount collected to the counties, could derive a much greater revenue than under their own collection system, due to the greater efficiency of state board of equalization collections.

These cities include Oakland, Berkeley, Hayward and Santa Rosa, MacDougall said.

In old-growth forests, selective cutting maintains current production and at the same time increases growth of merchantable timber.

The flamingo flock at Fleishhacker Zoological Gardens in San Francisco require a special diet which includes ground beets.

The first sleeping car ever seen in San Francisco was exhibited at the Mechanic's Institute Fair in 1855.

Tahoe-Truckee School District News

TRUCKEE ELEMENTARY

Kndergarten: Various interesting science specimens have been brought, shown and told about by members of our class during sharing time. Susan Schuler brought a grasshopper in a jar; Michael Davis exhibited a live lizard as well as a massive blanched bone that he found on a hike with his family.

Chris Kumle has contributed a plant for our room.

Diane Daly and Henry Frates have unusual rocks displayed on our curio table.

First Grade: Nickie Kenyon, Susanne Olano and Twila Lee Barber have birthdays this month.

Timmy McLane brought two scorpions to school this week. The children learned a great deal about scorpions and spiders.

Second Grade: In spelling we have new words on Monday. On Tuesday we use them in sentences. On Wednesday we take a trial test in order that we may know which words need to be studied more. On Thursday we write our words in sentences, and have our final test on Friday. Those getting all words correct this week were Monty Straub, Dawn Maynard, Candy Hamilton, Claudia Ayala, Dennis Stevens, Ricky Ralphs, Joanne Costa, Charles Hintz, Diana Pankoke, Fosten Wilson, John Sturcke, in one group, and Sandra Carter, Christine Charley, Eileen Olson, Dennis Richards, John Goldsmith, Jackie Finnegan, Kenneth Hansley and Kevin Larrivee in the other.

Third Grade: Thethird grade has been emphasizing enunciation and pronunciation of words, the initial and final sound, syllabication and the long and short vowels.

Fourth Grade: Boys and girls who have shown steady improvement in their weekly spelling tests are: Bonnie Fair, Jim Randall, Linda Redford, Liane Kay, Joe Charlie and Jeanne Croxen. Last week 12 people received starts for having all words correct. Four people missed only one word.

Fifth Grade: We have a definite pattern and method of studying our spelling. We study our words alone on Monday and Tuesday; pre-test with our spelling partners on Wednesday; pre-test with the teacher on Thursday; and on Friday we have our final test on the lesson.

We each have a personal word book in which we list our problem words and their meanings.

At present we are practicing using capital letters correctly.

Sixth Grade: Spelling class for us has taken various forms since September 6. As well as the usual procedures outlined by our state series speller, we have spent time analyzing each word to break it down when possible, into smaller, familiar words that will help us to spell the complete word.

DONNER TRAIL SCHOOL

Miss Roslyn Idoni of New Rochelle, New York, began teaching kindergarten and first grade at the Donner Trail School on Monday, October 24. Seven kindergarten children enrolled in the school on this date.

Mr. William Carrico, teacher and principal of the Donner Trail School, was absent from school most of last week because of an accident to his foot. Mrs. Patricia Butterfield has been teaching the upper grades during Mr. Carrico's absence.

KINGS BEACH SCHOOL

Kindergarten and First Grade: On Monday, our class took a field trip to Stop-n-Shop grocery. We were taken through the meat and vegetable freezers and then were shown how the vegetables were washed. When we were leaving, Mr. Meisner gave each child a balloon a peppermint stick, and a carton of ice cream. Mrs. Bisio went on the trip with us.

Many of the children have been making paper bag jack-o-lanterns this week. The following children worked on the jack-o-lanterns. Greg Pope, Jay Bisio, Gale Gratton, Dyanne Lausche, Martha De Gregono, Brenda Hallaban, Ann Felte, Kathy Chastain and David Hughes.

Second and Third Grades: Wednesday, we saw the film titled "Milk." We invited the kindergarten and first grade to see the movie with us.

This week, we have made further plans to visit the Windmill Dairy in Minden, Nev. We plan to make the trip October 27.

We changed our front border with original Halloween drawings. Phil Thompson brought a pumpkin to share with his class.

Fourth, Fifth and Sixth Grades: (1) We would like to thank the Pine Pantry and the Buckhorn restaurants for the good food that they donated to the school when they closed for the winter. (2) The Lions Club Halloween window decorating contest is now under way. The following merchants allowed their windows to be painted: Home Cafe, Bailey's Mobile Gas Service, The U. S. Postoffice, The Kings Beach Variety Store, Tahoe Food Center, The Village Corner, The Northshore Hardware, Lee's Chevron Service, Faulkner's Plumbing, A. L. Sklar, M.D., Stop-n-Shop Market.

(3) The annual Kings Beach Elementary School Halloween's party will be held this Friday, October 28th at the school building. There will be prizes and entertainment. A potluck dinner will be served. Tickets may be purchased at the door. Twenty-five cents for children, 5c for adults and high school pupils.

TAHOE LAKE SSCHOOL

Kindergarten-First Grade (Miss Bean): Bats and black cats, witches and pumpkins are peeking through the windows of the kindergarten and first grade room at Tahoe Lake. Denise Henrikson, Chuck Edge, Mike Dempsey, Dwight Lang, Skip Waggoner, Anna Marie Conners, Cheryl Anthony and Carolin McLane are our working artists.

Johnny Carnell, Armen Abrahamian and Chris Beavers topped the first grade reading class this week with their outstanding performances.

First and Second Grades (Mrs. Beavers): We won the attendance prize for our room at the PTA meeting on Thursay, October 20. This prize was three dollars and we have been discussing how we should spend it.

Third and Fourth Grades: The third and fourth grades studied the true history of Halloween and learned how the various fear symbols developed which were not a real part of "All Saints" Day. After this study they made picture stories recording the exact historical progression. Room decorations of primitive masks were also completed.

TRUCKEE PUBLIC BOARD MEETINGS

RUSTAD IS AGAIN BACK AT RESORT AT TAHOE CITY

TAHOE CITY— Kjell (Rusty) Rustad has returned to the ownership and management of Granlibakken Ski Resort near Tahoe City. Granlibakken's Olympic Hill was the site of the 1936 Olympic Ski tryouts and has been the scene of the Far West Jumping Tournament.

Rustad, a native of Norway, graduated from the Royal Norwegian Naval Academy in 1928. He entered ski meets while very young. He was in active ski competition for twenty years and was rated one of the top skiers and jumpers in Norway. He entered the famous Hong Kong meet seven times. He was chief judge at the Pomona Fair in Los Angeles for the Olympic tryouts at Pomona in 1952.

His professional life has included the position of a Sea Captain and Ship Inspector in the Norwegian Navy, Dispatcher and Navigator for Pan American Airways and assistant operating manager for War Shipping Administration.

Granlibakken is being redecorated and refurnished and a new lift is contemplated, in addition to the three rope tows.

Hostess for Granlibakken will be his wife, Jeanette Brown Rustad.

BROCKWAY THEATER CLOSED PART TIME

KINGS BEACH—For the time being the Brockway Theater will be opened only four nights a week, Manager Jack Neugebauer announced. Programs will be presented Friday, Saturday, Sunday and Monday.

The Stanley Boltons of Tahoe City have gone to Hemet, Cal.

NEW PRESIDENT OF TAHOE CHAMBER IS URGING SUPPORT

TAHOE CITY— C. Don Huff, manager of the Homewood Resort and newly elected president of the Lake Tahoe-Sierra Chamber of Commerce, spent much of this week in the region discussing a future program for the chamber.

Huff was interviewing other organization officials and businessmen with an aim for developing the chamber's activities to provide a far-reaching service for all of Lake Tahoe and the adjacent communities of Truckee and the Donner Summit area.

"One of the important jobs facing the president of the chamber," Huff declared, "is to coordinate all agencies in the region on a business-like, promotional level with an aim of developing the entire community."

At the end of the American Revolution there were 43 newspapers in the colonies.

PARK COMMISSION THWARTS PROGRESS WRITER DECLARES

By H. C. MacARTHUR
(Capitol News Service)

How the state park commission's policy of adhering to the "natural state" is delaying if not thwarting progressive projects in California is seen in the investigation of a joint interim committee on highway problems.

At a meeting in Marysville this committee discussed the matter of a low level bridge across the mouth of Emerald Bay at Lake Tahoe.

It was pointed out to the committee that the state park commission and the state division of beaches and parks is opposed to this development, and further, that the commission controls the lands over which a low level road would have to be constructed, if any construction is undertaken.

Bridge 'Unsightly'

Apparently, the park commission feels that a low level bridge over the mouth of the bay would be unsightly, and spoil the scenic effect of the view from the top of Eagle Falls at the stop-off point on the present road.

The park commission is gradually acquiring all of the land from south point of the bay, around the bay itself and north to the boundary of present D. L. Bliss State Park. In fact, the commission purchased the Emerald Bay resort and had so much use for the property that it leased the resort back to the original owners for several years.

Campers Keep Out

By maintaining D. L. Bliss State Park in its "natural state," the park commission is keeping hundreds of campers out of the park during the summer season. There are insufficient camping spots to accommodate the public, and the rules say that a camper must throw down in one of regular spots with a fireplace, cupboard and table even though he might have camping equipment which is not dangerous. However, the park commission doesn't believe in cleaning out the debris from trees, brush, etc., so the place ostensibly is a fire hazard.

The Emerald Bay proposed low-level road is a project which would cost an estimated $5,000,0000. Whether the state highway commission could justify this expenditure or not is a good question, but with the Winter Olympics coming up in 1960, it is obvious to anyone who has traveled the road around Emerald Bay that some improvements should be made.

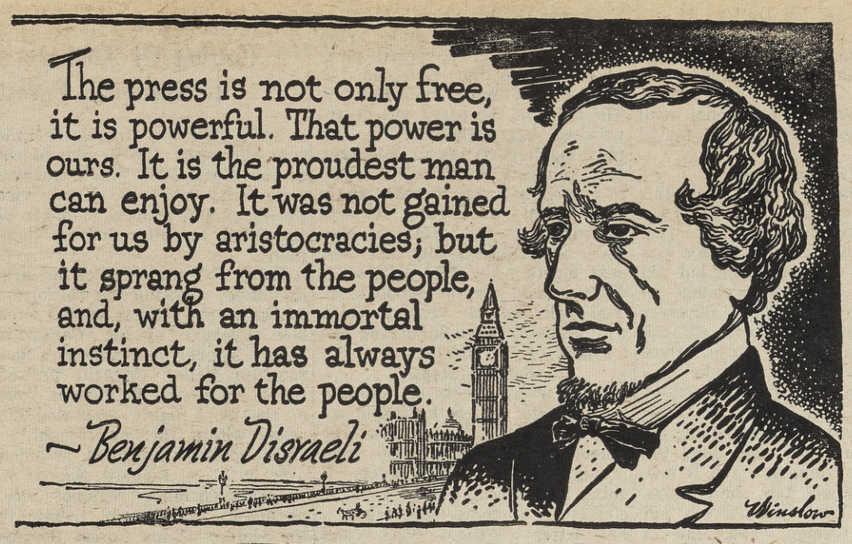
Eliminate Dangers

A low level road would eliminate an arduous haul on a narrow, dangerous, hairpin curved road. It would cut at least a half hour off travel time. Further, the low level road probably could be kept open easily the year round. The present road is subject during the winter season to many closures, because of rock and snow slides. Attempts to keep it open during the winter would be costly, whereas once constructed, a low-level road would see a decrease in maintenance expenditure.

However, the low-level road would cut right through the property of the state division of beaches and parks. If continued at a low level to the D. L. Bliss park sand beach, it would make this recreation spot, which now can be reached only by going almost straight down a mountain, more available to the public.

Maintain Opposition

There is no question that such a road would be highly beneficial to the Tahoe area, which is one of the outstanding recreational centers of California. But it is also expected that the state park commission and division of beaches and parks will maintain its opposition until some thinking is acquired in those quarters which takes into consideration the needs of a modern, vacationing California.



The press is not only free, it is powerful. That power is ours. It is the proudest man can enjoy. It was not gained for us by aristocracies; but it sprang from the people, and, with an immortal instinct, it has always worked for the people.
—Benjamin Disraeli
Winslow

SONS, DAUGHTERS FETED AT MEET OF LAKE ROTARY CLUB

KINGS BEACH— The Rotary Club of Brockway celebrated it's annual Fathers, Sons and Daughters Night, on Monday at Crystal Bay Restaurant. For the occasion Halloween decorations were used in the dining room and upon the tables.

During the meeting, at which Pres. Bill Randall presided, each Rotarian was asked to introduce his son or daughter. Later Andy Sorenson was presented, and given a beautiful birthday cake which his wife, Alice, cut and served to all present.

For the entertainment of the evening Hank Dodd, program chairman, presented a film composed of comedies and musicals of the 1890 era which everyone enjoyed.

Besides the special guests for the evening there were visiting Rotarians from Palo Alto and Tahoe City.

Frank B. Gregory, District Governor of the 164th District will make his official visit to the club on Nov. 7th at the usual meeting place.

WRAY POINTS OUT FEATNRES OF NEW CHAIN POWER SAW

Alive with power — more power ...less weight — that's the new Model 5-20 just announced by Homelite, available locally from Robert J. Wray, Tahoma. Built for production or woodlot cutting, the Model 5-20 delivers a full 5 horsepower, yet weighs only 20 pounds — the **most** horsepower per pound of any chain saw ever developed.

According to Wray, one man with a Homelite Model 5-20 Chain Saw can cut as much cordwood, fireplace logs, fence posts or barn timber in one hour, as two men with a hand saw can cut all day. "From blade to handle the new 5-20 is precision built for long, dependable performance and low maintainence." The high compression, short stroke engine design of the new Homelite Model 5-20 cuts wasteful friction, increases engine life and reduces gas consumption.

Because of its all-angle diaphram carburetor and its light and perfectly balanced weight, the saw is extremely easy to handle — cuts in any position — up, down and upside down; on **all types** of cuts — felling, boring, notching, trimming or undercutting. Additional features include: automatic clutch, positive action fuel pump and automatic governor.

SETTLEMENT ENDS TELEPHONE STRIKE IN THIS DISTRICT

Pacific Telephone and the CWA agreed Saturday to terms on new contracts for 17,600 plant and traffic department employes in northern California and Nevada to end the telephone strike which began October 10.

Principal features of the CWA agreements are:

The over-all increase to plant employes will average 10.2 cents per hour as compared with 10.1 cents per hour as compared with 10.1 cents offered by the company before the strike.

Top rates for plant craftsmen will be increased up to $4.50 a week. This and other scheduled increases for plant craftsmen are the same as offers made by the company before the strike started.

The increase to traffic employes averages $2.70 a week. This is about the same as the increase agreed upon several weeks ago, without a strike, for traffic employes represented by the Federation of Women Telephone Workers of Southern California. Starting rates will go up to $2, $3, or $3.50, depending upon job and work locations.

HUFF PRESIDES AT FIRST MEETING OF LAKE TAHOE GROUP

CRYSTAL BAY—Don Huff presided at the first meeting of the Lake Tahoe Sierra Chamber of Commerce on October 17 since taking the presidency of the organization, Mrs. H. Carnell, secretary, reported on Thursday.

The meeting took place in Joby Lewis Monte Carlo at Crystal Bay, Nev., when discussions of current events took place. The report of the treasurer was made and found satisfactory. Highway 89 and all other highways into Lake Tahoe as all-year round roads were subjects heard. The chamber decided to have a booth at the San Francisco boat show to be held in the spring of 1956 and all members who wish to have their folders displayed are asked to send them to the Tahoe City office of the group.

Don Huff, Fred Schultz, C. W. Vernon, George Kehlet and Norman Mayfield expect to attend a meeting October 28 of the Placer County Chamber of Commerce at Auburn.

HALLOWEEN PARTY AT KINGS BEACH SCHOOL FRIDAY

KINGS BEACH— A Halloween party with a costume parade and prizes, games and a bean dinner will be held at the Kings Beach school Friday evening at 6 p.m. and everyone is invited to join in the fun.

A small charge of 75 cents for high school students and adults and 25 cents for younger children will be made.

Mr. and Mrs. E. B. Lewis who have spent the season in Tahoe City have gone to nearby Reno where they may remain until early spring.

Mr. and Mrs. William Haste, Tahoma, left on Monday for Ontario, Canada, where they will visit with her brother, who is seriously ill, then will continue to New York, Boston and other points of interest before returning to the West coast.

SIERRA SUN

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

When the time for the writing of last week's column arrived, this correspondent found herself practically helpless in the clutches of a violent all-over cold. Thus the column turned out almost nil. However, our wonderful natural rebound was found to be operating in first-class order, so—here we are on top the world again, as good, or better, than now.

Beautiful Trip

On Sunday we drove around the lake-circle highway, enjoying the pleasantest October weather since the year of 1911 (in October of that year we spent the entire month on a honeymoon camp trip around Lake Tahoe in a row boat). This October of 1955 matches it for beautiful summery weather. On Sunday's trip we found the aspen, cottonwood, alder and willow leaves in flame-yellow clumps everywhere, and the pleasant breeze blowing over the lake as gently as in mid-summer. Hunters were coming out from the forests on by-roads all along the way, but we only saw one of them with a dead buck tied on his trailer. At one point by the highway near the lake we saw one lone doe leaping through the sunset from the water-side. (In past fall seasons we have been seen occasional small herds of deer when driving in the evening.)

Thunder Storm

On Wednesday last week this locality was treated to a brief but violent thunder storm, which brought drenching showers throughout the afternoon, but did not cause any severe change in temperature. Weather Observer Art Frodenberg recorded .05 inch precipiation for the storm. Over the weekend he said the lake level hung around 6225.08 feet, which shows the level to be fast lowering as the season advances toward winter. The water line along the Tahoe City commons shore is lowering amazingly fast these days. Points of land now stretch out from the former water line in places to a length of about 100 feet, and at their end the willows and green grass are growing where once the lake waves rolled. The shore all along the commons shows a wide strip of rocky beach with dried moss and small sticks and bedrics among the rocks. We imagine there will be a great change in shoreline scenery if the lake level continues to lower through the winter.

Season Ends

According to fish and game information the deer hunting season in this district is over on this Wednesday, October 24, as it opened on that date in September. Very few deer have been brought in here this fall as compared with past seasons. This seems to indicate (unofficially) that the herds are fast dwindling among the High Sierra Since our last check-up on game bagged in this locality we know of only one more deer brought in here recently. This was a large buck which was shot by Jim Baker of this city in our near-by western back country.

Halloween Party

The Tahoe City Rotary Club's dinner-meeting was held last Tuesday evening at Bacchi's Inn in Lake Forest. An attendance of 24 members enjoyed a delightful dinner served by the queen of cooks hereabout, Mrs. Sarah Bacchi Hunter. Vice-president Bob Wray presided over the meeting in the absence of President Vernon Bartell who is away on vacation at this time. After a short business meeting without program, Wray announced that the club's annual Halloween masquerade party and ladies' night entertainment will be held in the Tahoe Inn dining room on the evening of Saturday, November 5. Though the inn will be closed until near the Christmas weekend, Manager Bill Bechdolt has given the Rotary Club permission to open the dining room and kitchen for the Halloween party.

Annual Christmas Party

Charles Berlenbach, who was appointed by the Rotary president as chairman of the committee for the annual Christmas tree party this year, announces that important holiday event as follows: "It won't be too long before the Christmas season is again with us. As in the past we are preparing a gala party for the kids. This party will be held on the evening of Friday, December 16 under the Big Pine in Tahoe City's main street. As usual Santa will be there with many presents. Please mail your contributions to Chuck Berlenbach, care Rotary Club of Tahoe City."

PTA Meeting

The Tahoe PTA met in the auditorium of the Tahoe Lake school last Thursday afternoon to discuss various subjects of new business, among them the work on their membership drive being done by the Tahoe Lake pupils. They decided to offer a special party as a prize to the classroom soliciting the most memberships. The date for the party will be announced later. The PTA is also planning a party as a Halloween entertainment for the entire school to be held at 7 p.m. October 28, in the school auditorium. Overall chairman for this affair is Mrs. Beccy Shontz of this city. At their next meeting the PTA will set a definite date for the school's annual fall potluck dinner, which will probably be held during the forepart of November.

Safetey Steps

After several weeks of intensive work on the project by school authorities and all the teachers, the school vicinity has at last been properly zoned for the safety of going and coming of the younger classes of students. The big yellow letters—"School Walk" and "Slow," have been painted on the pavement of Grove street at the regulation distance above and below the crosswalk leading from the end of Cedar Court across Grove and into the school yard. This safety measure was accomplished mainly through the efforts and cooperation of Bruce Wright, foreman of the Tahoe City area's county roads maintainance. Mrs. Ruth Roberson, principal of the school, is now promoting the appointment of a guard of two sixth grade students, whose duty will be to lead the younger children over the crosswalk when entering or leaving the school grounds. These guards will carry stop signs to halt traffic, and will wear suitable uniforms, which have been promised by the PTA. Standing signs will be erected at the crosswalk later, in time to be in plain view of drivers on the street after the winter snows begin to fall.

New Phone Building

Authentic information received here this week states that the Pacific Telephone and Telegraph Company has been granted a use permit, by the Placer County Board of Supervisors, in the sum of $50,000 for the erection of a telephone building in Tahoe City. Charles Berlenbach, manager for this company in the Tahoe-Truckee area, said he understood that the company has purchased the land for the building in this locality but doesn't know just where it is situated. He said that according to his understanding the company plans for a maintainance building here as well as a place for housing the new dial system, which is due to be installed within the coming year. He intimated that in view of the company's wide extension of service in general in this region, and the constantly increasing population, a great deal of expansion in the way of telephone facilities here will be necessary within the next year or two.

Business Block

W. G. Cook, who recently purchased choice business property in Tahoe City with frontage on the main highway and corners on Grove street and the lakeshore cliffs, is reported to be completing plans for turning his large lot into a business block in the near future. If the residence, which now fronts on the highway, should be moved only a short distance back on the lakeshore, it would leave plenty of room at the front of the property for spacious building operations. A business block could probably be erected here to house several shops, stores and offices as may be desired.

Addition Started

An addition is being built this month on the Tahoe City Bakery, in the form of a 16 by 20 foot workroom. The new room adds 400 square feet to the bakery's floor space, and will comfortably house some of the machinery now cramped for room in the main building, such as the mixer and the doughnut machine. The bakery business has been expanding at a good rate during the past several months, and the added space is sure to make the daily work of the baker and his assistants easier and pleasanter, as well as to save time.

Ski Club Meets

The Squaw Valley-Lake Tahoe Ski Club held its second meeting for the season here on Thursday evening, using the Village Store as temporary meeting place. There was discussion on old and new business, and programs to be arranged for the ski sports season. Officers and directors present included Bill Briner, Pete and Lucille Huega, George Lardner, Gordon Butterfield, Ray Fellows, Jack Starratt and others.

Hear or Marriage

Tahoe City friends received word recently of the marriage of a young lady who was a resident here in early childhood and until her family moved to the bay area several years ago. She was Miss Blanche Pierson, only daughter of Silas and Alma Pierson, former Tahoe City merchants. Blanche was married during the past month to Lieut. James Walters of the U. S. Navy. Her home is now at 1407 D 8th street, Alameda. She is continuing her teaching in the Alameda school, and her husband is presently on a duty tour with the navy.

Hurt by Fall

During the past week little Dannel Pomin of this city, who over the years of her life seems to be subject to regular installments of hard luck, took another hard fall while at play on the school exercise grounds. This was a painful occurence as she fell on her head, and consequently suffered quite a shock. Dann's father, Robert Pomin, is employed in pier construction about the lake, is not always easy to find on short notice. But through the thoughtful kindness of a rather distant neighbor, Pomin was notified of the accident almost immediately, as Herbert Obexer of Homewood launched his speed boat and brought him home within a few minutes. The little girl was taken to the hospital for examination where her injury was diagnosed as not serious.

Mrs. Bliss Visits

Mrs. Evelyn Bliss, old-time Tahoite, who recently sold her home here and now resides in Oakland, visited Tahoe City friends during the past week and enjoyed several days of beautiful fall weather. Mr. and Mrs. Norman Mayfield motored down to the bay region in the fore part of the week and brought Mrs. Bliss to Tahoe City, and on the last of the week they drove her back as far as Sacramento where she stopped off for a visit with old-time Tahoe friends, Mr. and Mrs. Matt Green. While here the visitor was entertained at various parties. On Sunday a group of friends gave a dinner for her at the Pfeiffer House, and later she spent the evening watching television at the A. M. Henry home. On Monday Mrs. Ida Simmonds gave a dinner in her honor at the Donaldson Cafe in company with two of her old friends, Mrs. Anne Anderson and Mrs. Ruth Mayfield.

To Spend Winter

Mr. and Mrs. Ernst Moz, this year's summer residents in Tahoe City, have decided to also spend the winter in this area. They have been employed by Mr. and Mrs. Jerry Waters as caretakers, and will take over Deer Park Lodge on the Truckee River for the winter season.

Good-will Party

On last Thursday evening the Tahoe Boat Company held their annual good-will party and dinner at a popular hotel in Reno. All the boat company owners and employes, as well as the families of each, were in attendance.

Speaker Urges "Limit" Cutting Of Timber In National Forest

SACRAMENTO—Increasing the national forest timber annual cut to the "very limit" was advocated here today by A. B. Hood, vice president and general manager of the Ralph L. Smith Lumber Company.

Hood, who heads one of the largest timber companies in California, in the major address before some 200 members of the California State Chamber of Commerce's Sacramento Valley Council, praised the U. S. Forest Service as "one of the most highly respected bureaus within the government."

The council's luncheon, presided over by T. H. Richard, Sacramento, state chamber regional vice-president, paid special tribute to the United States Forest Service on the 50th anniversary of its founding. Special guest of the council was Richard E. McArdle, chief forester of the service. In a brief address, McArdle said, "The most valuable product of your forests in this state is water. In case of conflicting uses in National Forset reserves, water will receive top priority.

He said the forestry service in the future would attempt to get more water from its forests by manipulating tree and vegetation growth. "Research will play an important role in the future in helping industry to do a better job," the head of the Forest Service added.

The average poultry farm includes less than 20 acres.

Exams Called To Find State Purchasing Agent

SACRAMENTO (CNS)—John M. Peirce, state director of finance, announced he has requested the state personnel board to hold a nationwide civil service examination to find a successor to Lawrence F. Hobart, state purchasing agent, who will retire about January 1.

Peirce said special care will be taken in filling the post, since the purchasing agent supervises buying of some $75,000,000 worth of materials and supplies annually.

Study Is Started For Preventing Floods In West Nevada District

RENO—Overflow from the 1950 flood polluted water supplies in this area, and the same thing could happen again, according to W. W. White, director of the division of public health engineering for the state health department, who spoke at Friday's meeting of the Washoe project hearing.

Flood waters put such a strain on Reno and Sparks sewage disposal plants that they were forced to dump enormous quantities of waste into lower Truckee Meadows.

Director White also added that severe mosquito infestations resulted from ponding of water after the 1950 flood. He said that his department was supporting the bill to reduce the health menace that follows each of the periodic floods that hits this area.

Only through adequate flood control measures in this region can the 1950 disaster be prevented from happening again.

Benefits to the Reno-Sparks area fro mthe flood control features of the project were outlined by Emory Branch, president of the Reno Chamber of Commerce. His statement was endorsed by Reno, Sparks, their chambers of commerce and the Washoe County commissioners.

As a result of the current hearings, plans for the Washoe project, calling for the construction of reservoirs and power plants to be built on the Truckee and Carson rivers, came a step closer to completion.

Additional approval of the projcet came from A. D. Edmonston, California state engineer, who was represented by hydra-electric engineer L. C. Jopson.

Jopson felt that plans adopted for the project would be subject to any modifications that may be set by the Nevada-California interstate compact commission for the use of water from Lake Tahoe and the Truckee, Carson and Walker rivers.

Late Friday the formal hearing ended. Special committee members and other interested individuals toured the project site yesterday.

371 Highway Projects Under Way In State

SACRAMENTO (CNS) — The state department of public works announced the value of 371 highway contracts under way as of September 1 totaled $234,917,800.

This compared with the all-time high of $238,031,500 set on June 30, 1955.

Up to the first of this month, construction so far this year included 1662 miles of freeways, expressways and multilane divided highways within the state highway system.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California, at the office of the Superintendent of Schools, Truckee, California, on or before and no later than November 7, 1955, at 5 P.M., for the contract or contracts to supply gasoline for the school buses and other vehicles and equipment of the Tahoe-Truckee Unified School District in accordance with specifications on file in the office of the Superintendent of Schools.

The Governing Board reserves the right to reject any and all bids, in part or in total, to waive any irregularities, and to be the sole judge of the suitability of the product offered.

Bidders are required to submit complete specifications with prices for any and all products offered.

By order of the Governing Board of the Tahoe-Truckee Unified School District.

LICENSE REQUIRED FOR TEACHING IF FEES ARE CHARGED

The Department of Motor Vehicles has notified colleges, police departments and other law enforcement agencies that "part-time" driving instructors who charge a fee, as well as established private driving schools, are required by law to be licensed to give such instruction.

Motor Vehicles Director Paul Mason said "it has been brought to the attention of this department that a number of unlicensed persons are engaged in giving driving instruction for pay, in violation of the California Vehicle Code."

Mason cited a section of the Vehicle Code which states:

"No person, firm, association or corporation shall operate a driver training school or engage in the business of giving instruction for hire in the driving of motor vehicles unless a license has been secured from the Department of Motor Vehicles."

Before the law was enacted in 1954, Mason added, many experienced drivers were receiving pay for teaching others to drive on a part-time or informal basis."

He cited specifically the practice by many college students and off-duty law enforcement officers of supplementing their earnings by giving driving instruction.

Driving instructors licenses are issued only by the Los Angeles and San Francisco offices of the Department of Motor Vehicles.

Filing Jumps

SACRAMENTO (CNS) — Secretary of State Frank M. Jordan announced that business corporation filings in California during the first eight months of 1955 jumped 43 per cent over the same period a year ago. During the first eight months of the year, 10,304 business corporations were filed, an increase of 3096 over the same period last year.

Isaac Bluxome, Jr., a prominent early-day San Francisco business man, served as secretary of both the 1851 and 1856 Vigilance Committees.

Appointments To Adult Authority Announced

SACRAMENTO (CNS) — Gov. Goodwin J. Knight announced the appointment of Everette M. Porter, Los Angeles, and Cletus J. Fitzharris, San Quentin, to the California Adult Authority.

Porter, who was named for a four year term, will succeed Walter A. Gordon, resigned.

Fitzharris is an associate warden at the California State Prison, San Quentin. He will fill a new position created by the 1955 legislature. His term expires March 15, 1956.

Gordon recently resigned to accept presidential appointment as governor of the Virgin Islands.

Benjamin Franklin originated the practice of printing letters to the editor.

So Easy on the feet

Interwoven

Nylon Softies

$1.50 a pair

With each wearing you'll bless modern science for this marvelous spun nylon that's soft as down on the foot. And you'll thank Interwoven for knitting it into such smooth-fitting, good-looking, long-wearing socks in the broad ribbed style. They're ®Hi-Lo Short Socks too . . . "Hi" enough for neatness, "Lo" enough for comfort.

SPAGHETTI DINNER SATURDAY NIGHT

Goblins and goodies will fill the Truckee Elementary School Saturday night, October 29, when the school staff holds a Halloween Spaghetti dinner beginning at 5:30 p.m. A full evening's entertainment is planned for adults and children with plenty of tasty food and fun-filled hours of novelty events that follow.

The dinner will be served at prices of 75c for elementary children, $1.00 for high school students and $1.25 for adults. There will be a Halloween dress parade starting at 8 o'clock for youngsters. Nine prizes will be awarded to winners in groups that include a 1st, 2nd and 3rd place in each of the categories- funniest costume, most original costume, and most beautiful costume. It is not necessary to be present at dinner to be eligible for participation in the Dress Parade. Other traditional Halloween events will be held, one of which is a fun house.

Proceeds of the dinner will be used for the annual scholarship of the Tahoe-Truckee Educational Association. The scholarship is awarded to a local student to help in payment of college expenses. This year's award is to be $500. This is the first event to help raise that sum.

The dinner menu is expected to include spaghetti, tossed green salad, garlic French bread, choice of coffee or milk, and apple pie. Tickets are being sold in advance by the staff of the elementary school. Tickets may be purchased down-town at Loynd's Drug Store or in Gateway at Rose Brothers Market.

Local Women Attend Eastern Star Conclave

Mrs. Ray Hintz, worthy matron of Truckee Chapter OES, went by airplane to attend the Long Beach Eastern Star Grand Chapter last week and was joined there by Mr. and Mrs. C. E. Mandeville of Kings Beach, Mrs. Wayne Philippi of Truckee and Mrs. J. D. Anderson of Tahoe Vista. Mrs. Anderson had previously attended a conclave at Salt Lake City in the middle of October and has been named as grand representative to the State of Utah from California.

Mrs. Mabel Tellefson of Culver City and Reuben Wright of Dinuba were named worthy grand matron and worthy grand patron at the Long Beach Grand Chapter.

Both will serve the state's 160,000 Eastern Star members for 1955-56. They were elected at the 82nd annual convention.

Mrs. Marguerite Weisheimer, San Francisco, was elected associate grand matron and Elmer Walther, Los Angeles, associate grand patron.

Halloween Parties To Feature Week End Here

Halloween parties are being planned throughout the district.

Smart's new dining room and cafeteria is featuring a party Saturday nite with a prize offered for the best costume. Dancing will be in order from 10 to 2, wth a 4-piece orchestra providing the music. A smorgasbord will be served at midnight and reservations for dinners prior to the dancing are being accepted.

At the Sleepy C Bar B Ranch near Hobart Mills, Mr. and Mrs. Clinton Brines are preparing to close for the season with a Halloween party Saturday night and a free buffet.

Donner Lake Lodge has set up a program observing the holiday for Saturday night, and other resorts in the area are making weekend preparations.

Steens From Florida—

Mrs. Hannah Stewart had as her guests on Monday, Mr. and Mrs. Ernest Steen now living in Florida and formerly of Kingvale. The Steens had been in Sacramento to visit their children and are well known here where they were active in church work.

Family Vistis—

Mrs. John Gracik and daughters and Mrs. Louis Cavallo of Reno visited their mother, Mrs. Hannah Stewart on Monday.

CHURCH NOTES

The Methodist Youth Fellowship will hold its Halloween Party on Friday night the 28th. The party will start at 8 p.m. with several wild and wooley games and conclude with some square dancing at 11 P.M. All those from the 7th grade through high school are invited. The local MYF invites any and all to come and have hair-raising time of it.

Sunday evening at 5 p.m. the local Methodist Church will start a new Intermediate Fellowship. It will be a Fellowship for the 7th and 8th grade only. Parents and young people please note that this starts this Sunday at 5 p.m. to 7 p.m.

Rev. Osman announces that the sermon for Sunday will deal with the "Good News of Redemption."

SLUGGISH LOCALS DROP 51-19 GAME TO MINERS HERE

A sluggish Tahoe-Truckee High football team, that was never able to find the key to their defense, was swamped last Saturday by a fighting Manogue club, 51 to 19.

The Miners, combining a fine passing attack with the running of their fullback Tony Goronata, scored 26 points in the first half of the game. The Wolverines were able to get on the scoreboard but once during this same time as Roger Holbrook carried in from 1 yard out on a sneak following a Manogue penalty. Vieu's placement was good and the locals trailed by 26 to 7 at the intermission.

The first half of the conference game was much the same story, with Tahoe-Truckee able to score twice on the fine running of Bob Sanford. The loss left the Wolverines in a third place tie with Douglas and Manogue, each having 2 conference wins against 3 losses. This Saturday afternoon the Wolverines host the Lovelock Mustangs at 2:00 p.m.

The Mustangs have 1 win against 3 losses in conference play to date, and the game shapes up as an even battle. Tahoe-Truckee's probable starting lineup will include Bill Barr and Stan Rasmussen at ends, Mike Vieu and Jim Crawford at tackles, Gerald Faughn and Frank Giovannoni at guards, Jim Harris at center, with the backfield consisting of Roger Holbrook, Bob Trask, Bob Sanford and Mike Hogan. Due to see plenty of action also are Irwin Single, Jack Hotsenpillar, Tom Dolley, Bob Molsberry, and Fred Schultz on the basis of last week's game.

IN CITY—

Mrs. C. B. White is visiting Mrs. W. F. Wilkie at San Francisco.

SEES FRIENDS—

Mrs. Garing McGee of Nevada was in town Tuesday, seeing friends.

POST STORY GIVES HISTORY OF KNIGHT

Governor Goodwin Jess Knight regards the executive suite in the state capitol at Sacramento as a sort of earthly seventh heaven, Frank J. Taylor reports in the October 29 issue of The Saturday Evening Post.

His article, "How to Run for Office," says that Knight, who invariably identifies himself as the "thirty-first governor of the great thirty-first state," is without doubt the most blissful and eloquent politician in these United States.

Taylor relates that the California governorship was Knight's objective since he announced his candidacy back in 1915, when he was an eighteen-year-old Freshman at Stanford University.

In advising young people to take up politics, Knight has warned that there is no short cut. "Start now," he says. "Find out if you like people. Pick your goal and stay with it. I'd rather be governor than a merchant prince. Now that I've attained my goal, I want to go on being governor."

The author notes that Knight doesn't say how long he wants to continue in that capacity and recalls that one of the governor's sayings is, "The thrill is in the chase."

HUNTERS RETURN—

Joe King of Kings Beach and Richard Joseph of Truckee are two of a party of hunters expected home from Twin Fall Idaho this week end.

CARD OF THANKS

It is with most sincere thanks that I acknowledge the many kind words and acts of sympathy accorded me during the illness and passing of my sister. Your kindnesses will never be forgotton.

JOHN MORETTA

ARE YOU A SUNSCRIBER?

HURT IN FALL

Dan Anderson of Tahoe Vista is a patient in the Tahoe Forest Hospital with injuries reported to have been sustained when a scaffold broke while he was working as a carpenter at Ta-Neva-Ho, Crystal Bay, Nev.

Washington is second in the nation's tree farming system with 3,259,806 acres of woodland certified.

In Valley—

Mrs. Harold Langille was in Grass Valley over the weekend at the home of Mr. and Mrs. James Leamon.

Card of Thanks

We deeply appreciate the thoughtfulness of our friends in sending the comforting messages and flowers during our recent bereavement.

Mr. and Mrs. Fred Pedley

WHAT'S DOING

Charles F. Berlenbach, Jr., Telephone Manager in Truckee

CONSTRUCTION BEGINS ON TRUCKEE DIAL OFFICE

This week we of Pacific Telephone took a big step toward the improvement of service in Truckee . . . for construction of a dial building began. This structure will be located on the northwest corner of Commercial Row and Spring street directly behind the Shell Service Station. In keeping with the architectural surroundings of the city the plans call for wood frame with asbestos shingles. After the building is completed this year the Western Electric forces will commence installation of dial equipment. This phase of the schedule is very intricate inasmuch as each subscriber's line must eventually find its place in this maze of wires and relays. Thus, after many months of engineering on paper, the actual building phase is underway. It will not be long before we convert to dial in Truckee which is scheduled for the latter part of 1956.

* * * * *

Housewife rates her telephone "tops"

"Of all my household items," says Mrs. F. G. Dominey, "I think my telephone is the most useful. I can't count all the ways I depend on it. For example, I do a lot of my shopping by phone. Then there are the calls for repairmen, to make appointments, to round up my youngsters in the neighborhood, and for a hundred and one other things. And that doesn't include all the pleasure our phone brings us...as a fast, easy way to visit friends and relatives. I certainly don't know what we'd do without it." Most people we've talked to agree with Mrs. Dominey about the usefulness of the telephone. Isn't it true that few things which serve so well cost so little? Pacific Telephone works to make your telephone a bigger value every day.

* * * * *

Enjoy a family visit in several cities at once by long distance

Did you know you can actually talk to several members of your family at the same time by long distance? Well, you can, even if they're scattered all over the country. Each of you can talk back and forth to the rest as if you were all in the same room. We call this a telephone conference call. To place one, just tell your operator the people you want to talk to, where they live, their phone numbers, and when you want to talk. She'll do the rest. You'll be pleasantly surprised at how little it costs, especially if you call after 6 p. m. in the evening or any time Sunday. Why not give your whole family a real surprise with a conference call tonight?

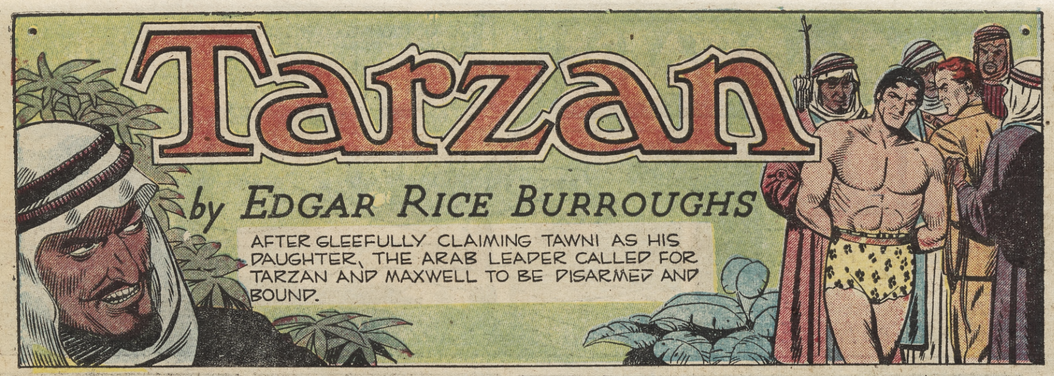
Tarzan

by EDGAR RICE BURROUGHS



AFTER GLEEFULLY CLAIMING TAWNI AS HIS DAUGHTER, THE ARAB LEADER CALLED FOR TARZAN AND MAXWELL TO BE DISARMED AND BOUND.
UNDER ORDERS FROM THE SHEIK, THE ARABS QUICKLY BROUGHT THE CAPTIVES TO THEIR JUNGLE HEADQUARTERS.
"IT'S ABOUT TIME WE GOT ON BETTER TERMS," SAID MAXWELL, AFTER THEY WERE IMPRISONED. "YOU SEE, I'M NOT REALLY A HUNTER AT ALL--"
"I'M ACTUALLY CAPTAIN SAM MAXWELL, A LEGIONNAIRE. I WAS ASSIGNED BY COMMANDER ANDREW BLAINE TO TRACK DOWN HIS DAUGHTER, ELEANOR--"
VICK VANBUREN JOHN CULHANE
"SHE WAS KIDNAPPED MANY YEARS AGO. ANDREW SUSPECTED HIS ENEMY, THE SHEIK, BUT COULD PROVE NOTHING-- THEN, RECENTLY, THERE WERE RUMORS OF A MYSTERIOUS WHITE-HAIRED JUNGLE GIRL--"
TARZAN WAS DUMBFOUNDED. "YOU ARE IMPLYING THAT TAWNI--?" SAM NODDED, "YOUR BEAUTIFUL SAVAGE IS ELEANOR BLAINE!"

ABBIE an' SLATS by RAEBURN VAN BUREN

"THE ONE QUESTION" THAT UNIQUE QUIZ PROGRAM HAS SELECTED ITS FIRST CONTESTANT--J.P. GROGGINS. AND NOW MR. GROGGINS, HAVE YOU PICKED YOUR CATEGORY?
RIGHT, BUSTER. I PICKS NAMIN' THE COUNTY SEATS O' ANY COUNTY IN THE COUNTRY!
The ONE ?
WELL, PARDNER, THAT'S A STRANGE CHOICE. WHY DID YOU PICK THAT CATEGORY?
SIMPLE. THERE AIN'T HARDLY A COUNTY JAIL IN THESE FORTY-EIGHT STATES I AIN'T DONE A LITTLE TIME FOR VAGRANCY IN... THAT WAY A MAN GETS A REAL WORKIN' KNOWLEDGE O' COUNTY SEATS!
ALL RIGHT, MY FRIEND--NAME THE COUNTY SEAT OF MENDOCINO COUNTY, CALIFORNIA.
LEMME SEE... I GOT A TWO-WEEK SENTENCE THERE FOR HAVIN' NO VISIBLE MEANS O' SUPPORT... YEP, (CHUCKLE) THAT'S THE PLACE...
COUNTY SEAT IS...? UKIAH! THAT KEERECT, BUSTER?
ABSOLUTELY, MR. GROGGINS!
ALL RIGHT--LET'S TAKE ANOTHER LONG STEP TOWARD THE FINAL PRIZE ON THE ONE QUESTION... NAME THE COUNTY SEAT OF BANNOCK COUNTY, IDAHO...
ZET
BANNOCK... BANNOCK... AIN'T THAT THE SPOT I SLUGS A BARKEEP FOR FEEDIN' ME A MICKEY? YEP!! IT'S POCATELLO!
REMARKABLE, MR. GROGGINS... WHAT A MEMORY YOU HAVE!!
